Chemours responded back to our request for information indicating they have received a similar set of questions from EPA with a requested due date of February 5th.
Can we have a copy of that letter?

Linda,

Thanks for a copy of the letter. I am happy to set up a call with NCDEQ about the TSCA investigation; however, there is not much we can share at this time. I will give you a call and go over the types of information we can share and see if you would still like a conference call.

Carol
